

CAPE's d rive:
*What do you observe? What could this
be? How does it make you feel?*

Carolyn Nicholson: This is the space between my couch and wall that on the second floor of my house..unused space and items that was forgotten. Shoes, clothes, brushes, boots.

Valencia Fleming-Smith: Had this for 4 years and I am just putting it up. Now that it is up on the wall it really brings out the accent of the picture the color

Jacki Limon: Under the table

Serbrina Snowden: Here is a place I walk past daily, but never really stopped to say hello. It has one of the only things I have of my mom's left black chine where we store important keys. This space takes me back and reminds me of my family and the time we had together.

Teju Adesida

Gwenyth Anderson

Michael Gore

Sonja Moser: Under my clothes hanging in the closet

Marcela Torres

Chaniece Holmes

Lucila Roman: Amazing forgotten art

Darlene Carothers: I'm driving listening to the meeting

Jordan Knecht

Megan Rhyme: My daughter loves to climb in the space

Marceia Scruggs

Caitlin Graham

Ashley Tirado: The space that I chose to observe was underneath the staircase in my front closet. The first obvious thing that sticks out to me is the spiral of the staircase. When I first see this, it feels like it leads to some secretive place. It definitely makes me feel magical in a way like I have a pathway to somewhere that's hidden.

Ayako Kato

Michelle Livas

TK Buchanan

Lety Ramos: Under my kitchen counter

Olga Johnson

bAnansi Knowbody: This is under my desk. It's quiet and safe. It's a fort. It's an old school house teacher desk. I imagine bombing duck and cover drills from the Cold War.

Talisa English-Harris

Betsy Zascek: Bug zapper/gate

Shenequa Brooks

Jessica Mueller

Aram Atamian

Scott Sikkema

Vanessa Saucedo: I observed the great natural light coming into my living room from just having the curtains up this way. It makes me want to sit in front of it and just look out the window. I rarely sit on that couch and hardly look out that window. It made me feel relaxed.

Getsemani Nava

Leanna Allen

Lashawn Cox

Norman Long:
Sensitive
High pitched
Ringing
Cool
Strange writing

Ben Murray: 3 legged square holder

Nick Meryhew: There's a weird nook in my room full of crutches that belonged to a former roommate. Behind the crutches I found this very large rainstick, it's not mine (I imagine it was there), and I quite literally have never seen this before. It has this small pink yarn wrap on it, I'm wondering who made it/where it came from/if it holds sentimental value/what is its history....

Noelle Garcia: This thing is kind of gross. It in comprises of a million little hairs that lock together to make a thin surface with some white on the bottom and grey brown on the top. Some of these little threads have been slip from each other. I can tell it came from an animal because of the residue on the bottom. For some reason it is preserved in a case.

Katheryn Peterman: View from Inside the Office Closet

Tommy Bradford

Mirtes Zwierzynski

Nadine Smith: View outside my bedroom window!!!
